

G09 - POA / Consent / Service / Fee Terms Ratification

Artifact: G09-poa-consent-terms | Date: 2026-07-02 | Scope: corporate service authority and fee terms with claimant-POA exception

Gate action: corporate service/fee evidence is present. Claimant-level POA is controlled as an exception, so T-503 can continue but legal/insurer representation cannot be finalized without individual authority.

Authority and fee terms map

Required element	Evidence in package	Treatment for threshold
Corporate service agreement	Signed/sealed BUTEL contracts PDF and 2026 dogovor files	Supported; accepted for corporate service/assistance scope.
Service/fee terms	General terms + contract files	Supported at corporate/service level; finance/legal verify fee trigger.
Claimant POA / authorization	Not verified as individual signed POA in Gmail recovery	Controlled exception EXC-004. Required before individual insurer/legal representation.
Sensitive-data consent	Terms/privacy sources; individual consent not verified	Allowed only by legal/privacy basis until explicit individual consent is needed.
No-backdating rule	This memo is current dated	Signatory ratifies operational authority; it does not create a past POA.

Ratification statement

The signatory accepts the attached signed/sealed BUTEL agreements, 2026 assistance agreements and general terms as service/fee basis for T-503 corporate membership/assistance processing.

Hard boundary

Do not use this document as a substitute for an individual claimant POA where law, insurer practice, or court procedure requires explicit authorization. Use it only as the corporate service/assistance basis for continuation.
